PROPOSED RENEWAL OF THE SHARE PURCHASE MANDATE

1. BACKGROUND

- 1.1 Keppel Telecommunications & Transportation Ltd (the “**Company**”) proposes to seek the approval of shareholders of the Company (“**Shareholders**”) at the forthcoming annual general meeting to be held on 18 April 2018 (the “**2018 AGM**”) for the renewal of a general mandate (the “**Share Purchase Mandate**”) to authorise the directors of the Company (“**Directors**”) to purchase or otherwise acquire fully-paid ordinary shares in the capital of the Company (“**Shares**”) in accordance with the terms set out in this Appendix as well as the rules and regulations set forth in the Companies Act (Chapter 50 of Singapore) (the “**Companies Act**”) and the listing manual of the SGX-ST (the “**Listing Manual**”).
- 1.2 The Share Purchase Mandate was originally approved by Shareholders at the annual general meeting of the Company held on 21 May 2003. This mandate was amended and approved at the annual general meeting of the Company held on 23 April 2004. The Share Purchase Mandate was last renewed at the annual general meeting of the Company held on 19 April 2017. The mandate as renewed at the last annual general meeting will expire on the date of the forthcoming 2018 AGM. If the proposed resolution for the renewal of the Share Purchase Mandate is approved at the 2018 AGM, the mandate shall, unless revoked or varied by the Company in general meeting, continue in force until the date on which the next annual general meeting of the Company is held or is required by law to be held, whichever is earlier.
- 1.3 The purpose of this Appendix is to provide information relating to, and to explain the rationale for, the authority and limitations on, and the financial effects of, the proposed renewal of the Share Purchase Mandate.

2. RATIONALE FOR THE SHARE PURCHASE MANDATE

- 2.1 The rationale for the Company to undertake a purchase or acquisition of its Shares is as follows:
- (a) in managing the business of the Company and its subsidiaries (the “**Group**”), the management of the Company will strive to increase shareholders’ value by improving, *inter alia*, the return on equity (“**ROE**”) of the Company. In addition to growth and expansion of the business, share purchases may be considered as one of the ways through which the ROE of the Company may be enhanced;
 - (b) the Share Purchase Mandate will provide the Company with greater flexibility in managing its capital and maximising returns to its Shareholders. To the extent that the Company has capital and surplus funds, which are in excess of its financial needs, taking into account its growth and expansion plans, the Share Purchase Mandate will facilitate the return of excess cash and surplus funds to Shareholders in an expedient, effective and cost-efficient manner;
 - (c) the Share Purchase Mandate will provide the Company the flexibility to buffer short-term share price volatility; and
 - (d) the Share Purchase Mandate will provide the Company the flexibility to undertake share repurchases at any time, subject to market conditions, during the period when the Share Purchase Mandate is in force.

- 2.2 While the Share Purchase Mandate would authorise a purchase or acquisition of Shares up to a maximum of ten per cent. (10%) of the issued Shares ascertained in accordance with paragraph 3.2 below during the duration referred to in paragraph 3.3 below, Shareholders should note that purchases or acquisitions of Shares pursuant to the Share Purchase Mandate may not be carried out to the full ten per cent. (10%) limit as authorised and the purchases or acquisitions of Shares pursuant to the Share Purchase Mandate would be made only as and when the Directors consider it to be in the best interests of the Company and/or Shareholders and in circumstances which they believe will not result in any material adverse effect to the financial position of the Company or the Group, or result in the Company being delisted from the SGX-ST. The Directors will use their best efforts to ensure that after a purchase or acquisition of Shares pursuant to the Share Purchase Mandate, the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or adversely affect the orderly trading and listing status of the Shares on the SGX-ST.

3. AUTHORITY AND LIMITS ON THE SHARE PURCHASE MANDATE

- 3.1 The authority and limitations placed on purchases or acquisitions of Shares by the Company under the proposed Share Purchase Mandate are summarised in paragraphs 3.2 to 3.5 below.

3.2 Maximum Number of Shares

Only Shares which are issued and fully paid-up may be purchased or acquired by the Company. The total number of Shares which may be purchased or acquired pursuant to the Share Purchase Mandate is limited to that number of Shares representing not more than ten per cent. (10%) of the total number of issued Shares as at the date of the 2018 AGM at which the renewal of the Share Purchase Mandate is approved. If the Company has at any time during the Relevant Period (as defined in paragraph 3.3 below), reduced its share capital by a special resolution under Section 78C of the Companies Act, or the court has, at any time during the Relevant Period, made an order under Section 78I of the Companies Act confirming the reduction of share capital of the Company, the total number of Shares shall be taken to be the total number of Shares as altered by the special resolution of the Company or the order of the court, as the case may be. Any treasury shares or subsidiary holdings (as defined in the Listing Manual)¹ will be disregarded for the purposes of computing the ten per cent. (10%) limit. As at 5 March 2018 (the “**Latest Practicable Date**”), the Company had no treasury shares and subsidiary holdings.

As at the Latest Practicable Date, the issued share capital of the Company comprised 559,100,938 Shares. In addition, as at the Latest Practicable Date, there were outstanding and remaining unexercised share options to subscribe for up to an aggregate of 115,000 Shares pursuant to the Keppel T&T Share Option Scheme 1993 and contingent awards to issue up to 1,991,775 Shares pursuant to the KT&T Restricted Share Plan and the KT&T Performance Share Plan (collectively, the “**KT&T Share Plans**”). Except in respect of Shares which are issuable on exercise of the outstanding share options or vesting of the awards under the KT&T Share Plans, no Shares are reserved for issue by the Company as at the Latest Practicable Date.

¹ Under the Listing Manual, “subsidiary holdings” is defined as shares referred to in Sections 21(4), 21(4B), 21(6A) and 21(6C) of the Companies Act.

Purely for illustrative purposes, on the basis of 559,100,938 Shares in issue as at the Latest Practicable Date and assuming that on or prior to the 2018 AGM no further Shares are issued, no Shares are held as subsidiary holdings and no Shares are purchased or acquired by the Company, the purchase or acquisition by the Company of ten per cent. (10%) of its issued Shares will result in the purchase or acquisition of 55,910,093 Shares.

3.3 Duration of Authority

Purchases or acquisitions of Shares pursuant to the Share Purchase Mandate may be made, at any time and from time to time, on and from the date of the 2018 AGM, at which the proposed renewal of the Share Purchase Mandate is approved, up to:

- (a) the date on which the next annual general meeting of the Company is held;
- (b) the date on which the next annual general meeting of the Company is required by law to be held;
- (c) the date on which the purchases or acquisitions of Shares pursuant to the Share Purchase Mandate are carried out to the full extent mandated; or
- (d) the date on which the authority conferred by the Share Purchase Mandate is revoked or varied,

whichever is the earliest ("**Relevant Period**").

3.4 Manner of Purchases or Acquisitions of Shares

Purchases or acquisitions of Shares may be made by way of:

- (a) an on-market purchase ("**Market Purchase**"), transacted on the SGX-ST through the SGX-ST's trading system, through one (1) or more duly licensed stock brokers appointed by the Company for the purpose; and/or
- (b) an off-market purchase ("**Off-Market Purchase**") effected pursuant to an equal access scheme under Section 76C of the Companies Act.

The Directors may impose such terms and conditions which are not inconsistent with the Share Purchase Mandate, the Listing Manual and the Companies Act as they consider fit and in the interests of the Company in connection with or in relation to any equal access scheme or schemes. An Off-Market Purchase must, however, satisfy all the following conditions:

- (i) offers for the purchase or acquisition of Shares shall be made to every person who holds Shares to purchase or acquire the same percentage of their Shares;
- (ii) all of those persons shall be given a reasonable opportunity to accept the offers made; and
- (iii) the terms of all the offers shall be the same, except that there shall be disregarded (1) differences in consideration attributable to the fact that offers relate to Shares with different accrued dividend entitlements; (2) differences in consideration attributable to the fact that offers relate to Shares with different amounts remaining unpaid; and (3) differences in the offers introduced solely to ensure that each person is left with a whole number of Shares.

Pursuant to Rule 885 of the Listing Manual, if the Company wishes to make an Off-Market Purchase in accordance with an equal access scheme, it will issue an offer document to all Shareholders containing at least the following information:

- (A) the terms and conditions of the offer;
- (B) the period and procedures for acceptances;
- (C) the reasons for the proposed purchase or acquisition of Shares;
- (D) the consequences, if any, of the purchases or acquisitions of Shares by the Company that will arise under the Singapore Code on Take-overs and Mergers ("**Take-over Code**") or other applicable take-over rules;
- (E) whether the purchases or acquisitions of Shares, if made, would have any effect on the listing of the Shares on the SGX-ST;
- (F) details of any purchases or acquisitions of Shares made by the Company in the previous twelve (12) months (whether Market Purchases or Off-Market Purchases), giving the total number of Shares purchased or acquired, the purchase or acquisition price per Share or the highest and lowest prices paid for the purchases or acquisitions of Shares, where relevant, and the total consideration paid for the purchases or acquisitions; and
- (G) whether the Shares purchased by the Company will be cancelled or kept as treasury shares.

3.5 Purchase Price

The purchase price (excluding brokerage, stamp duties, commission, applicable goods and services tax and other related expenses) to be paid for a Share will be determined by the Directors. However, the purchase price to be paid for the Shares pursuant to the purchases or acquisitions of the Shares must not exceed:

- (a) in the case of a Market Purchase, five per cent. (5%) above the Average Closing Price; and
- (b) in the case of an Off-Market Purchase pursuant to an equal access scheme, twenty per cent. (20%) above the Average Closing Price,

(the "**Maximum Price**") in either case, excluding related expenses of the purchase or acquisition.

For the above purposes:

"**Average Closing Price**" means the average of the closing market prices of a Share over the last five (5) Market Days (a "**Market Day**" being a day on which the SGX-ST is open for trading in securities), on which transactions in the Shares were recorded, in the case of Market Purchases, before the day on which the purchase or acquisition of Shares was made and deemed to be adjusted for any corporate action that occurs after the relevant five (5) Market Days, or in the case of Off-Market Purchases, before the date on which the Company makes an offer for the purchase or acquisition of Shares from holders of Shares, stating therein the purchase price for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

4. STATUS OF PURCHASED OR ACQUIRED SHARES

A Share purchased or acquired by the Company is deemed cancelled immediately on purchase or acquisition (and all rights and privileges attached to the Share will expire on such cancellation) unless such Share is held by the Company as a treasury share. Accordingly, the total number of issued Shares will be diminished by the number of Shares purchased or acquired by the Company and which are not held as treasury shares.

5. TREASURY SHARES

5.1 Under the Companies Act, Shares purchased or acquired by the Company may be held or dealt with as treasury shares. Some of the provisions on treasury shares under the Companies Act are summarised in paragraphs 5.2 to 5.4 below.

5.2 Maximum Holdings

The number of Shares held as treasury shares cannot at any time exceed ten per cent. (10%) of the total number of issued Shares.

5.3 Voting and Other Rights

The Company cannot exercise any right in respect of treasury shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Companies Act, the Company shall be treated as having no right to vote and the treasury shares shall be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution (whether in cash or otherwise) of the Company's assets may be made, to the Company in respect of treasury shares. However, the allotment of shares as fully-paid bonus shares in respect of treasury shares is allowed. A subdivision or consolidation of any treasury share into treasury shares of a greater or smaller number, is also allowed so long as the total value of the treasury shares after the subdivision or consolidation is the same as the total value of the treasury shares before the subdivision or consolidation, as the case may be.

5.4 Disposal and Cancellation

Where Shares are held as treasury shares, the Company may at any time:

- (a) sell the treasury shares for cash;
- (b) transfer the treasury shares for the purposes of or pursuant to any share scheme, whether for its employees, directors or other persons;
- (c) transfer the treasury shares as consideration for the acquisition of shares in or assets of another company or assets of a person;
- (d) cancel the treasury shares; or
- (e) sell, transfer or otherwise use the treasury shares for such other purposes as may be prescribed by the Minister for Finance.

- 5.5 In addition, under Rule 704(28) of the Listing Manual, an immediate announcement must be made of any sale, transfer, cancellation and/or use of treasury shares. Such announcement must include the following details: (a) the date of the sale, transfer, cancellation and/or use of such treasury shares, (b) the purpose of such sale, transfer, cancellation and/or use of such treasury shares, (c) the number of treasury shares which have been sold, transferred, cancelled and/or used, (d) the number of treasury shares before and after such sale, transfer, cancellation and/or use, (e) the percentage of the number of treasury shares against the total number of issued shares (of the same class as the treasury shares) which are listed before and after such sale, transfer, cancellation and/or use and (f) the value of the treasury shares if they are used for a sale or transfer, or cancelled.

6. REPORTING REQUIREMENTS

- 6.1 Within thirty (30) days after the passing of a Shareholders' resolution to approve the purchases or acquisitions of Shares by the Company, the Company shall lodge a copy of such resolution with the Registrar of Companies.
- 6.2 The Company shall notify the Registrar of Companies within thirty (30) days after a purchase or acquisition of Shares on the SGX-ST or otherwise. Such notification shall include details of the purchase or acquisition, including: (a) the date of the purchase or acquisition, (b) the total number of Shares purchased or acquired by the Company, (c) the number of Shares cancelled, (d) the number of Shares held as treasury shares, (e) the Company's issued share capital before the purchase or acquisition of Shares, (f) the Company's issued share capital after the purchase or acquisition of Shares, (g) the amount of consideration paid by the Company for the purchase or acquisition, (h) whether the Shares were purchased or acquired out of profits or capital of the Company, and (i) such other particulars as may be required.
- 6.3 Rule 886 of the Listing Manual specifies that a listed company shall notify the SGX-ST of all purchases or acquisitions of its shares not later than 9.00 a.m.:
- (a) in the case of a Market Purchase, on the Market Day following the day on which the Market Purchase was made; and
 - (b) in the case of an Off-Market Purchase under an equal access scheme, on the second Market Day after the close of acceptances of the offer for the Off-Market Purchase.

The notification of such purchases or acquisitions of Shares to the SGX-ST shall be in such form and shall include such details that the SGX-ST may prescribe. The Company shall make arrangements with its stockbrokers to ensure that they provide the Company, in a timely fashion, the necessary information which will enable the Company to make the notifications to the SGX-ST.

7. SOURCE OF FUNDS

- 7.1 The Company may only apply funds for the purchase or acquisition of the Shares as provided in its constitution and in accordance with the applicable laws in Singapore. The Company may not purchase or acquire its Shares for a consideration other than in cash or, in the case of a Market Purchase, for settlement otherwise than in accordance with the trading rules of the SGX-ST.
- 7.2 The purchase or acquisition of its own Shares by the Company may be made out of the Company's distributable profits or capital so long as the Company is solvent.

- 7.3 Apart from using its internal sources of funds, the Company may obtain or incur borrowings, or a combination of both of the aforesaid, to finance its purchase or acquisition of Shares.

8. FINANCIAL EFFECTS

- 8.1 Under the Companies Act, purchases or acquisitions of Shares by the Company may be made out of the Company's capital or profits so long as the Company is solvent. Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of profits, such consideration will correspondingly reduce the amount available for the distribution of cash dividends by the Company. Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of capital, the amount of the Company's capital will be reduced correspondingly but the amount available for the distribution of cash dividends by the Company will not be reduced. Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of the Company's capital and profits, the amount of its capital and profits will be correspondingly reduced.
- 8.2 It is not possible for the Company to realistically calculate or quantify the impact of purchases or acquisitions of Shares that may be made pursuant to the Share Purchase Mandate on the net tangible assets ("NTA") and earnings per Share ("EPS") as the resultant effect would depend on, *inter alia*, the aggregate number of Shares purchased or acquired, whether the purchase or acquisition is made out of capital or profits, the purchase prices paid for such Shares and the amount (if any) borrowed by the Company to fund the purchases or acquisitions, and whether the Shares purchased or acquired are cancelled or held as treasury shares.
- 8.3 The Directors do not propose to exercise the Share Purchase Mandate to such an extent that it would have a material adverse effect on the working capital requirements of the Group. The proposed Share Purchase Mandate will be exercised with a view to, *inter alia*, enhancing the EPS and/or the NTA per Share. Accordingly, the purchase or acquisition of the Shares will only be effected after considering relevant factors such as the working capital requirements, the availability of financial resources, the expansion and investment plans of the Group and the prevailing market conditions.

8.4 Illustrative Financial Effects

The financial effects of the Share Purchase Mandate on the Group and on the Company based on the audited financial statements of the Group and the Company for the financial year ended 31 December 2017 are based on the assumptions set out below:

- (a) based on 558,066,383 Shares issued as at 31 December 2017 and assuming no further Shares are issued, not more than 55,806,638 Shares (representing ten per cent. (10%) of the issued Shares of the Company as at that date) may be purchased or acquired by the Company pursuant to the Share Purchase Mandate;
- (b) in the case of Market Purchases by the Company and assuming that the Company purchases or acquires the 55,806,638 Shares, the maximum amount of funds required for the purchase or acquisition of the 55,806,638 Shares (excluding brokerage, stamp duties, commission, applicable goods and services tax and other related expenses), assuming a Maximum Price for one (1) Share of \$1.66¹, is approximately \$92.6 million; and

¹ Being five per cent. (5%) above the Average Closing Price for one (1) Share five (5) Market Days before the Latest Practicable Date.

- (c) in the case of Off-Market Purchases by the Company and assuming that the Company purchases or acquires the 55,806,638 Shares, the maximum amount of funds required for the purchase or acquisition of the 55,806,638 Shares (excluding brokerage, stamp duties, commission, applicable goods and services tax and other related expenses), assuming a Maximum Price for one (1) Share of \$1.90, is approximately \$106.0 million.

8.5 **For illustrative purposes only**, and based on the assumptions set out in paragraph 8.4 above and assuming that (i) the purchase or acquisition of Shares is financed solely by internal sources of funds; (ii) the Share Purchase Mandate had been effective on 1 January 2017; and (iii) the Company had purchased or acquired 55,806,638 Shares (representing ten per cent. (10%) of the total number of issued Shares as at 31 December 2017) on 1 January 2017, the financial effects of the purchase or acquisition of 55,806,638 Shares by the Company pursuant to the Share Purchase Mandate:

- (a) by way of purchases or acquisitions held as treasury shares; and
 (b) by way of purchases or acquisitions made out of capital and profits and cancelled,

- (2) Net gearing is equal to net borrowings divided by capital employed.
- (3) Profit after taxation and non-controlling interest, EPS, ROE and net gearing for the Company are not meaningful.

8.6 As illustrated above, the purchases or acquisitions of Shares of the Company will:

- reduce the number of Shares unless the Shares purchased or acquired are held by the Company as treasury shares;
- increase the net gearing of the Group;
- decrease the consolidated NTA per Share of the Group;
- increase the consolidated EPS of the Group; and
- increase the ROE of the Group.

- 8.7 Shareholders should note that the financial effects set out above are purely for illustrative purposes only. Although the proposed Share Purchase Mandate (if renewed) would authorise the Company to purchase or acquire up to ten per cent. (10%) of the total number of its issued Shares (excluding treasury shares and subsidiary holdings), the Company may not necessarily purchase or acquire or be able to purchase or acquire the entire ten per cent. (10%) of the total number of its issued Shares (excluding treasury shares and subsidiary holdings). In particular, the Directors do not intend to exercise the Share Purchase Mandate up to the maximum limit to such extent where such exercise would materially and adversely affect the financial position of the Group, or result in the Company being delisted from the SGX-ST. In addition, the Company may cancel all or part of the Shares repurchased or hold all or part of the Shares repurchased in treasury.
- 8.8 Shareholders who are in doubt as to their respective tax positions or any tax implications arising from the Share Purchase Mandate or who may be subject to tax in a jurisdiction other than Singapore should consult their own professional advisers.

9. TAKE-OVER IMPLICATIONS

- 9.1 Appendix 2 to the Take-over Code contains the Share Buy-back Guidance Note applicable as at the Latest Practicable Date. The take-over implications arising from any purchase or acquisition by the Company of its Shares are set out in paragraphs 9.2 to 9.4 below.

9.2 Obligation to Make a Take-over Offer

If, as a result of any purchase or acquisition by the Company of the Shares, the proportionate interest in the voting capital of the Company of a Shareholder and persons acting in concert with him increases, such an increase will be treated as an acquisition for the purposes of Rule 14 of the Take-over Code ("Rule 14"). Consequently, a Shareholder or a group of Shareholders acting in concert with each other could obtain or consolidate effective control of the Company and become obliged to make a take-over offer under Rule 14.

9.3 Persons Acting in Concert

Under the Take-over Code, persons acting in concert ("concert parties") comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), co-operate, through the acquisition by any of them of shares in a company to obtain or consolidate effective control of the company.

Unless the contrary is established, the Take-over Code presumes, *inter alia*, the following persons to be acting in concert:

- (a) a company with its parent company, its subsidiaries, its fellow subsidiaries, any associated companies of the above companies, and any company whose associated companies include any of the above companies, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the above companies for the purchase of voting rights;
- (b) a company with any of its directors, together with their close relatives, related trusts and any companies controlled by any of the directors, their close relatives and related trusts;
- (c) a company with any of its pension funds and employee share schemes;

- (d) a person with any investment company, unit trust or other fund in respect of the investment account which such person manages on a discretionary basis, but only in respect of the investment account which such person manages;
- (e) a financial or other professional adviser, including a stockbroker, with its client in respect of the shareholdings of the adviser and the persons controlling, controlled by or under the same control as the adviser and all the funds which the adviser manages on a discretionary basis, where the shareholdings of the adviser and any of those funds in the client total ten per cent. (10%) or more of the client's equity share capital;
- (f) directors of a company, together with their close relatives, related trusts and companies controlled by any of them, which is subject to an offer or where they have reason to believe a bona fide offer for their company may be imminent;
- (g) partners; and
- (h) an individual, his close relatives, his related trusts, and any person who is accustomed to act according to his instructions, companies controlled by any of the above persons and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the above persons for the purchase of voting rights.

For this purpose, ownership or control of at least twenty per cent. (20%) but not more than fifty per cent. (50%) of the voting rights of a company will be regarded as the test of associated company status.

The circumstances under which Shareholders, including Directors and persons acting in concert with them respectively, will incur an obligation to make a take-over offer under Rule 14 after a purchase or acquisition of Shares by the Company are set out in Appendix 2 of the Take-over Code.

9.4 **Effect of Rule 14 and Appendix 2 of the Take-over Code**

In general terms, the effect of Rule 14 and Appendix 2 of the Take-over Code is that, unless exempted, Directors and persons acting in concert with them will incur an obligation to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring Shares:

- (a) the voting rights of such Directors and their concert parties would increase to thirty per cent. (30%) or more, or
- (b) in the event that such Directors and their concert parties hold between thirty per cent. (30%) and fifty per cent. (50%) of the Company's voting rights, the voting rights of such Directors and their concert parties would increase by more than one per cent. (1%) in any period of six (6) months.

In calculating the percentage of voting rights of such Directors and their concert parties, treasury shares shall be excluded.

Based on the Register of Directors' Shareholdings and the issued share capital of the Company as at the Latest Practicable Date, save as disclosed below, none of the Directors has any interest in Shares:

Director	Direct Interest		Deemed Interest		Total Interest		Awards of Shares under:	
	No.	% ⁽¹⁾	No.	%	No.	% ⁽¹⁾	KT&T Restricted Share Plan ⁽²⁾	KT&T Performance Share Plan ⁽³⁾

Notes:

- (1) Based on a total issued and paid-up capital of the Company of 559,100,938 Shares as at the Latest Practicable Date.
- (2) Refers to the number of Shares which are the subject of awards granted which have been released under the KT&T Restricted Share Plan on satisfaction of performance conditions (where applicable) being met, but not vested.
- (3) Refers to the number of Shares which are the subject of contingent awards granted but not released under the KT&T Performance Share Plan. Based on the achievement factor, the actual number of Shares which may be released under the contingent awards may range from zero to a maximum of 150% of 200,000 Shares.

Assuming that there is no change in the number of Shares in which any of the Directors has a direct or deemed interest, none of the Directors (together with persons acting in concert with them) would become obligated to make a mandatory offer in the event that the Company purchases or acquires the maximum amount of ten per cent. (10%) of its Shares under the Share Purchase Mandate.

Under Appendix 2 to the Take-over Code, a Shareholder not acting in concert with the Directors will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Shareholder would increase to thirty per cent. (30%) or more, or, if such Shareholder holds between thirty per cent. (30%) and fifty per cent. (50%) of the Company's voting rights, the voting rights of such Shareholder would increase by more than one per cent. (1%) in any period of six (6) months. Such Shareholder need not abstain from voting in respect of the resolution authorising the renewal of the Share Purchase Mandate.

Based on the Register of Substantial Shareholders and the issued share capital of the Company as at the Latest Practicable Date, the shareholdings of persons who have an interest in not less than five per cent. (5%) of the issued voting shares of the Company (the "**Substantial Shareholders**") before and after the purchase or acquisition of Shares by the Company pursuant to the Share Purchase Mandate (assuming (a) the Company purchases or acquires, as at the Latest Practicable Date, the maximum amount of ten per cent. (10%) of the issued share capital of the Company, and (b) there is no change in the number of Shares held or deemed to be held by the Substantial Shareholders) would be as follows:

Substantial Shareholder	No. of Shares before Share Purchase			No. of Shares after Share Purchase

Notes:

- (1) Based on the total issued and paid-up share capital of the Company of 559,100,938 Shares as at the Latest Practicable Date.
- (2) Based on the total issued and paid-up share capital of the Company of 503,190,845 Shares (assuming that the Company purchases or acquires the maximum number of 55,910,093 Shares under the Share Purchase Mandate).
- (3) The deemed interest of Temasek Holdings (Private) Limited arises from its shareholdings in Keppel Corporation Limited.
- (4) Includes interests held by Kapital Asia Company Limited and Agus Anwar.
- (5) The interests of Agus Anwar and Tjia Han Liong Marcel arise from their controlling interests in Investoasia Pte. Ltd. and Kapital Asia Company Limited.

Based on the Register of Substantial Shareholders as at the Latest Practicable Date, none of the Substantial Shareholders would become obliged to make a take-over offer for the Company under Rule 14 as a result of the Share purchases or acquisitions by the Company pursuant to the Share Purchase Mandate.

9.5 Shareholders who are in doubt as to their obligations, if any, to make a mandatory take-over offer under the Take-over Code as a result of any purchase or acquisition of Shares by the Company should consult the Securities Industry Council and/or their professional advisers at the earliest opportunity.

10. LISTING MANUAL

10.1 The Listing Manual does not expressly prohibit the purchase or acquisition of shares by a listed company during any particular time or times. However, as a listed company may be considered an “insider” in relation to any proposed purchase or acquisition of its issued shares, the Company will not purchase or acquire any Shares pursuant to the Share Purchase Mandate after a price-sensitive development has occurred or has been the subject of a consideration and/or a decision of the board of directors until such time as the price-sensitive information has been publicly announced. In particular, in line with the best practices on securities dealings issued by the SGX-ST under Rule 1207(19)(c) of the Listing Manual, the Company will not purchase or acquire any Shares through Market Purchases during the period of: (a) two (2) weeks immediately preceding the announcement of the Company’s results for each of the first three (3) quarters of its financial year; and (b) one (1) month immediately preceding the announcement of the Company’s annual results.

- 10.2 The Company is required under Rule 723 of the Listing Manual to ensure that at least ten per cent. (10%) of its Shares (excluding treasury shares) are in the hands of the public. The “public”, as defined under the Listing Manual, are persons other than the Directors, chief executive officer, Substantial Shareholders or Controlling Shareholders of the Company or its subsidiaries, as well as the associates of such persons. “Controlling Shareholders” are persons who hold directly or indirectly fifteen per cent. (15%) or more of the total number of issued Shares (excluding treasury shares and subsidiary holdings) (unless otherwise determined by the SGX-ST).

Based on the Register of Directors’ Shareholdings and the Register of Substantial Shareholders maintained by the Company as at the Latest Practicable Date, and to the best knowledge of the Company, approximately 14.74% of the issued Shares are in the hands of the public.

In undertaking any purchases or acquisitions of Shares through Market Purchases, the Directors will use their best efforts to ensure that, notwithstanding such purchases or acquisitions, a sufficient float in the hands of the public will be maintained so that the purchases or acquisitions of Shares will not adversely affect the listing status of the Shares on the SGX-ST, cause market illiquidity or adversely affect the orderly trading of the Shares.

11. PREVIOUS SHARE PURCHASES

The Company has not purchased or acquired any Shares during the twelve (12) month period preceding the Latest Practicable Date.

12. INTERESTS OF DIRECTORS AND SUBSTANTIAL SHAREHOLDERS

- 12.1 The Directors’ and Substantial Shareholders’ interests in the Shares as at the Latest Practicable Date as recorded in the Registers of Directors’ Shareholdings and Substantial Shareholders are set out in Paragraph 9.4 of this Appendix.

- 12.2 Save as set out in Paragraph 9.4 of this Appendix, the Directors do not have any interests in options granted under the Keppel T&T Share Option Scheme 1993 or awards under the KT&T Share Plans.

13. DIRECTORS’ RECOMMENDATION

The Directors are of the opinion that the Share Purchase Mandate is in the interests of the Company and accordingly, recommend that Shareholders vote in favour of the ordinary resolution relating to the proposed renewal of the Share Purchase Mandate to be proposed at the forthcoming 2018 AGM.

Copies of the following documents are available for inspection at the Company's registered office during normal business hours from the date of this Appendix up to the date of the 2018 AGM:

- (a) Appendix 2 to the Notice of Annual General Meeting dated 28 March 2017 relating to the renewal of the Shareholders' Mandate for Interested Person Transactions; and
- (b) the existing constitution of the Company.

SHAREHOLDERS' MANDATE FOR INTERESTED PERSON TRANSACTIONS[#]**"3.4 NEW SHAREHOLDERS' MANDATE****3.4.1 Rationale for New Shareholders' Mandate**

KCL is a Controlling Shareholder of the Company. KCL is also the Controlling Shareholder of three other publicly listed companies on the SGX-ST, namely, Keppel Land Limited[^], k1 Ventures Ltd. and Singapore Petroleum Company Limited*. Temasek Holdings (Private) Limited ("Temasek"), which is a Controlling Shareholder of a number of publicly listed companies, is also a Controlling Shareholder of KCL.

Due to the size of the KCL group of companies and the Temasek group of companies, the KT&T IPT Group would in the ordinary course of business enter into transactions with the classes of Interested Persons as set out herein and with some degree of frequency.

In view of the time-sensitive and frequent nature of such Interested Person Transactions, the Directors are seeking the approval of Shareholders pursuant to Chapter 9 of the Listing Manual for the proposed New Shareholders' Mandate for the Company, its subsidiaries and target associated companies to enter into Interested Person Transactions with the classes of interested persons set out in paragraph 3.5 below ("Interested Persons"), provided that such transactions are made at arm's length and on normal commercial terms, and are not prejudicial to the interests of the Company and its minority Shareholders. Such Interested Person Transactions are described in paragraph 3.6 below.

If approved by Shareholders at the EGM, the proposed New Shareholders' Mandate will take effect from the date of receipt of Shareholders' approval at the EGM until the next AGM of the Company, and shall apply in respect of Interested Person Transactions entered or to be entered into from the date of the EGM until the next AGM of the Company, unless revoked or varied by the Company in general meeting. Thereafter, approval from Shareholders for a renewal of the New Shareholders' Mandate will be sought at each subsequent AGM of the Company.

This Annexure is an extract from the Circular to Shareholders dated 11 October 2002 on the rationale of the Shareholders' Mandate, the scope of the Shareholders' Mandate, the benefit to Shareholders, the classes of Interested Persons, the particulars of the Interested Person Transactions and the review procedures for Interested Person Transactions, as amended in accordance with Appendix 3 to the Company's Notice of Annual General Meeting dated 14 April 2003, Appendix 2 to the Company's Notice of Annual General Meeting dated 28 March 2005 and Appendix 2 to the Company's Notice of Annual General Meeting dated 27 March 2012, in respect of which the Shareholders' Mandate is sought to be renewed.

[^] Keppel Land Limited ceased to be listed on the Official List of the SGX-ST with effect from 16 July 2015.

* With effect from 21 June 2009, Keppel Corporation Limited ceased to be a Controlling Shareholder of Singapore Petroleum Company Limited.

3.4.2 Scope of the New Shareholders' Mandate

The New Shareholders' Mandate will cover a wider range of transactions arising in the ordinary course of business operations of the KT&T IPT Group, including its principal businesses of logistics, data centres and technology solutions as well as ancillary businesses such as telecommunications, and also sets out in greater detail treasury transactions entered into by the KT&T IPT Group with Interested Persons.

The New Shareholders' Mandate will not cover any Interested Person Transaction which has a value below \$100,000 as the threshold and aggregation requirements of Chapter 9 of the Listing Manual do not apply to such transactions.

Transactions with Interested Persons which do not come within the ambit of the proposed New Shareholders' Mandate (including any renewal thereof) will be subject to applicable provisions of Chapter 9 of the Listing Manual and/or other applicable provisions of the Listing Manual.

3.4.3 Benefit to Shareholders

The obtaining of the New Shareholders' Mandate and the renewal of the New Shareholders' Mandate on an annual basis would eliminate the need for the Company to announce, or to announce and convene separate general meetings from time to time to seek Shareholders' prior approval as and when potential Interested Person Transactions with a specific class of Interested Persons arise, thereby reducing substantially administrative time and expenses in convening such meetings, without compromising the corporate objectives and adversely affecting the business opportunities available to the KT&T IPT Group. In addition, this will considerably improve administrative efficacy.

The New Shareholders' Mandate is intended to facilitate transactions in the normal course of business of the KT&T IPT Group which are transacted from time to time with the specified classes of Interested Persons, provided that they are carried out at arm's length and on normal commercial terms, and are not prejudicial to the interests of the Company and its minority Shareholders.

The New Shareholders' Mandate also provides for the centralisation of certain functions as set out in paragraph 3.6.3 below, which has the benefit of greater economies of scale, and savings in terms of reduced overheads.

3.5 CLASSES OF INTERESTED PERSONS

The New Shareholders' Mandate will apply to the Interested Person Transactions (as described in paragraph 3.6 below) which are carried out between any company within the KT&T IPT Group and the following classes of Interested Persons:

- (a) KCL and its associates;
- (b) Temasek and its associates (excluding KCL and its associates); and
- (c) Directors, chief executive officer(s) and Controlling Shareholders of the Company (other than Controlling Shareholders described in sub-paragraphs (a) and (b) above) and their respective associates.

3.6 CATEGORIES OF INTERESTED PERSON TRANSACTIONS

The types of transactions with Interested Persons (as described in paragraph 3.5 above) to which the New Shareholders' Mandate applies and the benefits to be derived therefrom are set out below:

3.6.1 General transactions

This category is in respect of general transactions ("General Transactions") by the KT&T IPT Group relating to the provision to, and the obtaining from, Interested Persons of products and services in the normal course of the business of the KT&T IPT Group:

- (i) provision and obtaining of telecommunications and related services including but not limited to phone, paging and messaging services, voice recognition systems, installation and infrastructure services for telecommunications systems and the sale and purchase of telecommunications products and equipment;
- (ii) provision and obtaining of technology solutions, including data centre and hosting services, software licences, design and other technology services, facility management and other related support services (including but not limited to project management, procurement, accounting and billings);
- (iii) provision and obtaining of information technology products and equipment and the provision and obtaining of repair and maintenance services in respect of software and information technology products;
- (iv) provision of supply chain management services including but not limited to material planning, procurement, freight forwarding, inventory management and warehousing services, transportation and distribution and other logistics or support services;
- (v) provision and obtaining of construction, engineering, infrastructure and technical services;
- (vi) the rental or leasing of premises, and the obtaining of building maintenance services, property development and/or management services;
- (vii) the obtaining of and the provision of electricity, water and other utilities and related services; and
- (viii) engaging of security and related services.

The KT&T IPT Group will benefit from having access to competitive quotes from its Interested Persons in addition to obtaining quotes from, or transacting with, non-Interested Persons.

3.6.2 Treasury transactions

Within the ambit of this category are treasury transactions (“Treasury Transactions”) between any company within the KT&T IPT Group and any Interested Person:

- (i) the placement of funds with any Interested Person;
- (ii) the borrowing of funds from any Interested Person;
- (iii) the entry into forex, swaps and option transactions with any Interested Person; and
- (iv) the subscription of debt securities issued by any Interested Person, the issue of debt securities to any Interested Person, the purchase from any Interested Person of debt securities previously issued by such Interested Person, or the sale to any Interested Person of debt securities previously issued by any company within the KT&T IPT Group.

The KT&T IPT Group can benefit from the more competitive rates and quotes offered by the Interested Persons by leveraging on the financial strength and credit standing of the Interested Persons for placement of funds with, borrowings from, forex, swaps and option transactions with, and the subscription and purchase of debt securities issued by, the Interested Persons. In respect of the issue or sale of debt securities to the Interested Persons, the KT&T IPT Group can benefit from the financial support of the Interested Persons arising from such issuance or sale, which would be on terms no less favourable to the KT&T IPT Group than those issued or sold to other third parties.

3.6.3 Management and support services

These transactions relate to the receipt of management and support services in the areas of finance, treasury, investment risk review, governmental relations, business development, management information systems, human resources and staff secondment, management and development, accounting, legal, corporate secretarial, public relations, tax, internal audit, central purchasing and other administrative services including computer-based services (the “Management and Support Services”).

By having access to such services, the KT&T IPT Group will derive operational and financial leverage through savings in terms of reduced overheads and greater economies of scale (such as bulk discounts enjoyed by the KT&T IPT Group on a group basis). In addition, the KT&T IPT Group is able to obtain expertise in the areas of investment risk review, governmental relations and business development through the extensive global network of its Interested Persons.

3.7 REVIEW PROCEDURES FOR INTERESTED PERSON TRANSACTIONS

- 3.7.1 To ensure that Interested Person Transactions are undertaken at arm's length, on normal commercial terms, and will not be prejudicial to the interests of the Company and its minority Shareholders, the following procedures will be implemented for the review and approval of Interested Person Transactions under the New Shareholders' Mandate:

All Interested Person Transactions

- (a) In relation to all Interested Person Transactions as enumerated under paragraph 3.6 above, quotations will be obtained from the Interested Person and at least one similar service provider in respect of services and products obtained by any company within the KT&T IPT Group from the Interested Person. All Interested Person Transactions as enumerated under paragraph 3.6 above shall not be approved unless such transactions are entered into at rates/prices of the service or product providers which are no more favourable to the Interested Person than those extended to unrelated third parties (including where applicable, preferential rates/prices/discounts accorded to corporate customers or bulk purchases), or on terms similar to the service or product providers' usual commercial terms, or otherwise in accordance with other applicable industry norms.
- (b) In the event that it is not possible to obtain quotations from unrelated third parties or to determine whether the terms of the Interested Person Transaction with the Interested Person are more or less favourable than the aggregate terms quoted by unrelated third parties, any two members of a committee comprising the executive Directors and Chief Financial Officer of the Company for the time being and such other person as the Directors may from time to time appoint (the "Review Committee") will evaluate and weigh the benefits of, and rationale for, transacting with the Interested Person before submitting a written recommendation to the Audit Committee. In its evaluation, the Review Committee will include considerations of the efficiencies and flexibilities derived by the Company in transacting with the Interested Person compared with transacting with unrelated third parties. The Audit Committee will evaluate the recommendation of the Review Committee in respect of the Interested Person Transaction before deciding to approve or reject the Interested Person Transaction. In determining the terms of the transaction, the Audit Committee will evaluate such terms in accordance with prevailing industry norms (including the reasonableness of the terms).
- (c) All Interested Person Transactions must be consistent with the usual practices and policies of the KT&T IPT Group, and will be reviewed quarterly by the internal auditors who will report to the Audit Committee. To facilitate the reviews, the Company will maintain a register to facilitate identification of Interested Person Transactions (the "Contract Register") and a register of Interested Person Transactions (the "Register of Interested Person Transactions") in which relevant particulars of all Interested Person Transactions will be recorded.

3.7.2 In addition to the above procedures, the following review and approval procedures will be implemented to supplement existing internal control procedures:

(a) General Transactions and Management and Support Services

In addition to paragraph 3.7.1 above, in relation to all Interested Person Transactions (other than Treasury Transactions) as enumerated under paragraph 3.6 above:

- (i) transactions equal to or exceeding \$100,000 but less than \$500,000 each in value will be reviewed and approved by the relevant persons from the respective management of each company within the KT&T IPT Group;
- (ii) transactions equal to or exceeding \$500,000 but less than \$5,000,000 each in value will be reviewed and approved by any two members of the Review Committee;
- (iii) transactions equal to or exceeding \$5,000,000 but less than \$10,000,000 each in value will be reviewed and approved by any two members of the Review Committee and the Chairman of the Company (the "Chairman") or, if he has an interest in the transaction, the Audit Committee; and
- (iv) transactions equal to or exceeding \$10,000,000 each in value will be reviewed and approved by the Audit Committee.

(b) Treasury Transactions

In addition to paragraph 3.7.1 above, in relation to Treasury Transactions, the Company will implement the procedures in this paragraph 3.7.2(b) and in paragraph 3.7.3:

(i) Placements

In relation to any placement with any Interested Person by any company within the KT&T IPT Group of its funds, quotations shall be obtained from such Interested Person and at least one of the principal bankers of the Company for interest rates for deposits with such bankers. Such company within the KT&T IPT Group will place its funds with such Interested Person only if the interest rate quoted is not less favourable than that quoted by such principal banker(s). In addition, such company shall comply with the procedures set out in paragraph 3.7.3(b) below.

(ii) Borrowings
